How does CACFP work?

Day care homes and centers receive money for serving nutritious meals. The Food and Nutrition Service (FNS), an agency of the U.S. Department of Agriculture (USDA) oversees CACFP.

States approve sponsors and centers to operate the program. States also monitor and provide training and guidance to make sure CACFP runs right.

Sponsoring organizations support day care homes and centers with training and monitoring. All day care homes participate in CACFP through a sponsor.

Building for the Future in the CACFP

What is CACFP?

CACFP is the Child and Adult Care Food Program. It is a Federal program that pays for healthy meals and snacks for children and adults in day care.

CACFP improves the quality of day care. It makes the cost of day care cheaper for many low-income families.

Besides providing meals in day care, CACFP makes afterschool programs more appealing to at-risk children and youth. Serving afterschool meals and snacks attracts students to learning activities that are safe and fun.

Children and youth who are homeless can also receive meals at shelters that participate in CACFP.
